PREFACE

In presenting to our patrons our seventeenth Directory of Windsor, Sandwich and Walkerville, we hope that it will meet with approval. A thorough canvas of the towns has been made, and every effort used to obtain the name of every person who should be presented in the Directory

Mistakes will occur, but we are confident that no more thorough canvas of the towns has ever been made.

The Classified Business Directory, is a complete mirror of the business interests of the towns and presents them to the outside world only as a Business Directory can.

The Miscellaneous Directory furnishes a large amount of information useful to Strangers.

Thanking our patrons for the liberal patronage bestowed on our work we remain

Yours Respectfully,

THE PUBLISHERS

Miscellaneous Directory of Windsor Walkerville and Sandwich 1911

The city of Windsor occupies a commanding situation on the Detroit River immediately opposite the City of Detroit

A large import and export trade is done. and the manufacturing interests are gradually increasing in importance. The Customs duties for the fiscal year ending March 31st, 1911 were $1,477,536.-; Inland Revenue for the same period $551,454.23

The assessment for 1911 is $11,781,690.00. In 1880 it was $1,-43,445.00. The net bonded debt is $657,390.98, a decrease of $31.-00 over the previous year. The debt looks large, but when we consider that the city has more public improvements than most cities, of double or treble the population, consisting of many miles of expensively paved streets, granolithic walks, sewers, water works and schools, this is to some extent accounted for.

Windsor's flourishing suburbs, [the division line being an alley in each case) are on the east, Walkerville, founded by Hiram Walker in 1858, a community of 3,508 population, mostly manufacturing and Sandwich, on the west, the county town. containing the jail, court house, registry office, county treasurer, &c, and a large R. C. college and has a population of 2,164 largely residential. There is an up-to-date street car system serving the three places beside an hourly suburban line to picturesque Amherstburg, on the south, 18 miles, another southeast to Leamington, 30 miles; and still another to the east along the banks of the Detroit River and Lake St. Clair to Tecumseh, 9 miles

Many lines of freight and passenger steamers call daily during the season.

Railroads entering Windsor are Grand Trunk, Canadian Pacific, Pere Marquette, Wabash and Michigan Central and a belt line connecting all these roads

The River crossing of a half mile is compassed every 10 minutes by large and comfortable ferry boats from the foot of Ouellette ave

There is 45 miles of water mains. 21 miles of paved streets out of a total of 50 miles, sidewalks 60 miles, sewers 25 miles, 8 miles main, 7 public schools, 3 separate schools and a large ladies college

The public school expenditure for the last year was $42,422.64 Collegiate Institute $19,535.03 for maintainance

Windsor growth for some decades: 1871-Pop. 4253: 1881-6,561; 1891-10,322; 1901-11,041. Assessors census current year 18,250
